Hello Bill,

We are currently working on responses to the SAP comments/minutes and waiting for input from USDA and HHS. Once we receive and review all of the input and complete our responses, we intend to move forward with the cancellation, as appropriate based on comments received.

Please let me know if you have any further questions.

Regards,

Hello Rusty,

It's been a couple of month's now since the SAP issued their report. I haven't heard anything lately about the Agency moving towards cancellation or modifying the RMD and hope that you can give me a quick update.

Thanks.
